

## STUDIO CLASSES

***Come and enjoy the camaraderie of creating beautiful art in a spacious studio, filled with possibilities and surrounded by trees.***

### Help me finish this Art Project!

*Stuck on your art project? Trying to figure out what to do next? You have so much invested in it, but are not sure how to make it a masterpiece? Bring your projects; together we will develop ideas and solutions! Have an idea, but not even sure how to start? This class is for you too! Just need another person to help fine tune your idea? YES – come in and create, play, discover and explore. I'll show you neat ways to test your ideas out. Just need a place you can spread out, create and focus? Come over and get it done!*

### Clothing: From Alterations to Upcycle!

*Have some clothing you have held onto, but not sure what to do with it? Maybe you want to remake it, or just make it fit better! Maybe you love the fabric or embroidery, but not the style. Bring it over, and let's make it fun to wear again!*

### Dipped in Beauty! Scarves, Banners & Table Runners

Discover the joy of using instant-set silk dyes. Using a variety of techniques, such as pleating, scrunching and shibori, we'll layer color and pattern onto silk. Next, we'll print images with silk-screens. Class fee includes the use of dyes, paints and silkscreens. Silk scarves and silk fabrics can be purchased from me, or bring your own. Of course, if you prefer to dye and print silk yardage, that is fine too.

This is a 2-day class (*Saturday & Sunday*).

### Silkscreening: Learn to make screens with YOUR designs!

In this class, you will start by printing with my screens. I'll explain the design process of creating your own screen; then you will learn to make screens using designs of your choice. We'll screen on fabric and paper, using both dyes and paints. If you have ever wondered how to repeat an image, this class is for you! The screens can be used over and over, and they do not require a frame. Once you have signed up for the class, I will email you to find out what designs you like and/or will work best for your project so you can bring them to class or email the images to me. This is a 2-day class (*Saturday & Sunday*).
